

What are we looking for?

Curious about what we're looking for? Put your creativity to the test and give us a behind the scenes glimpse of how and why you are engaged in the presidential election. Your film can cover anything from a topic or candidate you are passionate about, to a behind the scenes look at a campaign or grassroots political organization.

Film guidelines:

- **Keep it short.** Films must be no longer than 8 minutes.
- **Be creative.** It seems that everyone has a story to tell about this election and you want your film to cut through the clutter.
- **Don't use copyrighted material.** Only use elements that you own the rights to, or that we provide. The iReport Film Fest logo, music clips and legal releases are available for your use.
- And most importantly, **have fun!**
