Case No. C237890
Dept No. V

DEAR PROSPECTIVE JUROR:

You have been placed under oath. Please answer all questions truthfully and completely as though the questions were being asked of you in open court. Your participation in this questionnaire will assist the judge and the attorneys in selecting a fair and impartial jury. The information which you give in your answers to this questionnaire will be used by the court and the parties to select a qualified jury. Your answers will become part of the Court's permanent record and therefore, a public document. After a jury has been selected, all copies of your response to this questionnaire will be returned to the Clerk of the Court and kept in confidence, under seal. Your answers will be used solely in the selection of a jury and for no other purpose

You may be asked follow up questions in court before the trial begins regarding your answers to this questionnaire. Both then, and now in answering the questionnaire, your considered, individual judgment in response to each question is appreciated. As you answer the questions that follow, please keep in mind that every person is fully entitled to his or her own opinions and feelings, and that there is no right or wrong answers, only complete and incomplete answers. In order to ensure that your answers are not influenced by the opinions of others, you should fill out the questionnaire by yourself without consulting or talking with any other person. Although several of the questions may seem personal, there is no intention to pry into your personal affairs or to embarrass you but rather to try to guarantee both to the defense and to the prosecution a fair and impartial trial.

Please write legibly. Fill out the entire questionnaire. Do not leave any question blank. If you cannot answer a question because you do not understand it, write "Do not understand" in the space after the question. If you cannot answer a question because you do not know the answer, write "Do not know" in the space after the question. If you wish to make further comments regarding any of your answers, use the last page of this questionnaire. If you need additional pages, please ask a jury assistant and they will be provided to you. Be sure to indicate on the blank page the number of the question you are answering. If you feel that any question requires an answer which is too sensitive, personal or private to be discussed in open court, simply write "private" in the left margin next to your answer and any questioning on that topic will be held in private, out of the presence of the other prospective jurors.

You are instructed not to discuss this questionnaire or any aspect of this case with anyone, including other prospective jurors. You are further instructed not to view, read or listen to any media account of these proceedings.

ADDITIONAL COMMENTS (Please note the number of the continuing question(s)).

This image shows a single sheet of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page. There are approximately 20 lines visible. The paper appears to be a standard notebook page, possibly from a composition book. The edges of the paper are slightly irregular, suggesting it might be a scan of a physical document. There is no handwriting or other markings on the page.
