KIRK HANEFELD

Q. Kind of give me a run down on today's round.

KIRK HANEFELD: Yesterday's round was very solid, except for the last hole. And today if you hit the ball in the rough you just struggle all day. Doesn't make any difference who you are.

And I had to hit it out to the fairway way too many times. It was way too much work today. I had a few good holes. But half the holes I had it in the rough and it was a struggle the whole day.

Q. Just having trouble driving the ball?

KIRK HANEFELD: Well, I won't say trouble, you don't have to miss it by much to miss these fairways. But when the ball went in the rough, then everybody's got the same story, it's just a grind. So I need to drive it better the next couple of days to have a chance to compete.

Q. Talk about your birdie on the par-3.

7.

KIRK HANEFELD: 7? No, I birdied 10 and 11. On 11. Yeah, that was a long putt and of course you don't expect to make that. But it was probably a 30-footer, whatever, and I made a probably a nice 12-footer on 10.

I started out with a birdie on 1 from about 12 feet.

I stiffed it on 2 to about six feet and missed it.

Then I ran, ran into some problems by hitting it in the rough. And couple of good strokes here and there, but just way too many mistakes.

Q. This is the third year you've made the cut at this event?

KIRK HANEFELD: Third year I played in it.

Q. Is your goal to make the cut?

KIRK HANEFELD: No. No. My goal is to compete. I don't even know what the cut's going to be. So I made the cut by a lot, but, no, I'm here to try to do some damage.

BOB BOYD

Q. How did it go today?

BOB BOYD: Not too well. I shot 77 again, which was quite disappointing to be quite honest with you. I had a couple double bogeys on the back side which I made four doubles over the two days and you just can't do that here.

Q. What is this opportunity meant to you to have a chance to come up and play in this?

BOB BOYD: Well, I've had the opportunity to play in Majors before. I was hoping and expecting to play a little better. And I just didn't.

I struck the ball pretty well, I just didn't, like probably a lot of players, a foot here in the rough and a yard there, it makes a big difference, it just adds up. And we have not played at that at all any kind of rough like that this year. And I've not

putted on greens this quick. And fairways that may be, no, I wouldn't say they're narrower than this, but we have played some good golf courses this year earlier, but this rough is very difficult and it was very difficult to score if you don't drive it in the fairway.

And it's very -- that's the key. I would be surprised if the leaders aren't way up in driving accuracy. So it just makes it that much easier. Hitting the green from the rough is tough. I can't do it.

Q. So you would say certainly the course conditions have had a bigger impact than the weather yesterday?

BOB BOYD: No question. The weather isn't that bad. The wind hasn't blown terribly. 15 to 20 miles an hour. That's to be expected. It's been windy all year anyway. But the course is set up fairly and it's in great condition and it's a tough test.
