QUICK QUOTES FROM:

**MIKE BARGE
MIKE HULBERT &
GIL MORGAN**

MIKE BARGE

Q. Can you talk a little about your round today?

MIKE BARGE: Well, it was a lot like yesterday. I spent time in the rough. I had a lot of putts. That's bad combination. It added up to 80. But again the course won again today. But, no, I hit it crooked, right off the bat and made 7 on the first hole. Took three shots in the rough to get out. I had a lie that was just horrendous and thought I could move it and I hit, swung as hard as I could and probably moved it 20 feet.

Q. What did you find was the biggest difference between today and the last two days?

MIKE BARGE: Today was a lot like yesterday, it got windier as the day went on a little bit, but it really didn't affect me that much. It was just a combination of some bad swings and did not make a putt. Literally did not make a putt. I think I had 38 putts.

So it was a tough day on the greens and my stroke actually felt better today than it had the first couple of days but just didn't make anything. So I got a little work to do on the greens before I get out there tomorrow.

Q. What are you looking to do tomorrow?

MIKE BARGE: Just improve. Obviously the course is going to get dryer and harder and it's a big challenge. The challenge is just to go out and play each hole as well as I can. To tell you the truth pars feel like birdies out here.

So just to make as many pars as I can, if I can throw in a couple birdies, I haven't made a birdie in the last couple days. So I would like to make a lot of pars and maybe a couple birdies and certainly avoid the big number.

MIKE HULBERT

Q. How did you find Oak Hill this week?

MIKE HULBERT: It's pretty tough. The golf course is not getting any easier, but I'm not saying it's getting any harder either. It's just pretty much -- the wind is out of a little different direction, although it's back again like it normally is. But when we were finishing up today -- I was the first group -- when I was finishing up it was a little bit different wind direction. But the rough's still thick, hole locations are, they're still quite good.

So just got getting any easier. It's tough to make birdies here. It's tough to hit the fairway, tough to hit the green, and so you got to put both of those combos together just to have a chance for birdie.

That's been the question this week. The guy that can put the ball in the fairway and give himself opportunities, those are the guys that are getting ready to tee off now. And I'm kind of, I didn't hit enough fairways and not hitting enough greens and today I gave some strokes away on the

greens, which was a little disappointing, but I had an opportunity to shoot a decent score, but it didn't turn out. But it is what it is. But it's a pleasure to play here, it's probably the fairest golf course there is in the country. And the toughest too.

Q. How many times have you played here?

MIKE HULBERT: I played here a long time ago when I was a little squirt. I grew up about an hour and a half from here. And I did TV here in 2003 for CBS. I didn't play it. So this week has probably been the bulk of the play.

So there's still some hidden gems out there, I don't think I learned it as well as I could have the first few days, but there's definitely some places where you can't miss your ball off the tee and going into the green and I think the guys that have a very good idea of that are going to do well.

Q. You got a chance to play the BC Open here, how much do you look forward to playing that, you looked forward to it before and looking forward to the senior event now?

MIKE HULBERT: Well, I'm looking forward to it a lot, actually. I've had success there. I've won there. I know that course. And it's going to be fun. It's just going to be fun. It's going to be -- it's in the rotation now and a lot of friends and family will be around, so hopefully I can do well. But you just -- I just got to go work on my confidence, because I've had success on the golf course. You remember all the good stuff there. And that's what helps.

Q. We're so thrilled about the sun today, but did the wind kick up during your round a little bit and was it a factor?

MIKE HULBERT: It did. It was quite calm when we first started out. A little cool. But the ball wasn't quite going the first few holes. But then it picked up a little bit. It started picking up on our back nine. And like I said, even though it's out of the same direction now, it wasn't when we just got done playing 18. We played 17 and 18 into the wind. And it's started left-to-right and helping.

But that's all right. It's the same for everybody. And it's getting harder and harder to keep your ball when the -- when the wind's blowing

it gets harder to keep the ball in the fairway. Because you got a lot of crosswind, not necessarily, I can't remember too many holes that have been like right into the wind and dead downwind. And that's what makes this golf course tough.

Both 1 and 10 going out, it's helping, but left-to-right helping. And the hole kind of goes a little that way. So it's going to want to push everything down to the right. So it's a, you got to have some luck. You got to have some luck and the worst case scenario try to keep your ball in just left and right of the deep stuff. Because it's very penal.

GIL MORGAN

Q. You had a great round today how did you feel about it?

GIL MORGAN: Okay. It was working early on, I made some putts for par and I kind of let it get away at the end. So it kind of balanced out, I guess.

Q. You birdied 17?

GIL MORGAN: I did.

Q. People aren't making par on 17. That's a -- was it into the wind today a little bit?

GIL MORGAN: It was. I hit driver, 5-iron. And, but I hit a really he good drive. So I had 185 to the hole.

Q. How are you finding the conditions today compared to yesterday?

GIL MORGAN: Similar. Similar wind and everything. Everything is pretty much the same except it's a little warmer.

Q. Congratulations plus one is a good score right now.

GIL MORGAN: Well thank you.

Q. Good luck.
